President's Message

November 2010

Dear Fellow Members, Engineering Students, HVAC Colleagues and Guests,

This month kicks off our 3rd 2010-2011 ASHRAE New Orleans Chapter year. We kick off this meeting with a speaker from Carrier Corporation, Mr. Brian Monk. Mr. Monk is one of the many ASHRAE distinguished lecturers we have speaking during the 2010-2011 year. These meetings allow us to stay current with rapidly changing trends in mechanical design due to sustainability trends and government mandates.

I hope to see you at this month's meeting so you can hear more about the Regional CRC from our co-chairpersons as well as hear more about the exciting events coming up this year.

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Sharbonno'.

Sustainable Design

Nov. 3, 2010 2010 Energy Standard Provides for 20 Percent-Plus Energy Savings

ATLANTA – By following the guidance in the newly published 2010 energy standard from ASHRAE and IES, more than 20 percent energy reduction can be achieved over savings in the 2004 standard.

Government Affairs

October 26, 2010 ASHRAE IAQ Conference to Focus on Creating Healthier, Infection-Free Environments

ATLANTA – The 2003 SARS episode, the H1N1 pandemic and avian flu have transformed the built environment landscape, raising not only significant public health concerns but also economic implications on a global scale. Recognizing the challenge of controlling the spread of infection, ASHRAE hold its IAQ 2010 Conference series in Kuala Lumpur, Malaysia, Nov. 10-12, 2010.

Young Engineers in ASHRAE

Please direct any questions you may have on the ASHRAE YEA Connection to: youngengineers@ashrae.org. Expect the next edition of the newsletter in February 2009. Please feel free to email submissions for future newsletter articles regarding events at your local chapter.

The primary objective for the YEA Committee of Members Council is to enhance our member benefits for young professional ASHRAE members by identifying activities and services focused on their needs.

Membership Corner

We wish to encourage those who may have changed jobs, addresses, phone numbers, or e-mail addresses to please logon to the ASHRAE website to update your account information. Consolidation of this information will be utilized to develop the Chapter Directory, so don't delay! Don't let bad information get published!

them to get involved in our Society on the local, regional, national, or international level. Also, look for meeting announcements in City Business and the weekend Money Section Calendar of the Times Picayune. Not receiving e-mail notifications? Changed jobs or e-mail addresses?

Technology Awards Program

The purpose of the ASHRAE Technology Awards program is to:

1. Recognize ASHRAE members who design and/or conceive innovative technological concepts that are proven through actual operating data;
2. Communicate innovative systems designs to other ASHRAE members;
3. Highlight technological achievements of ASHRAE to others, including associated professionals and societies worldwide, as well as building and facility owners.
