

# DELTA DIGEST

October 2011

Editor: Stuart Feilden

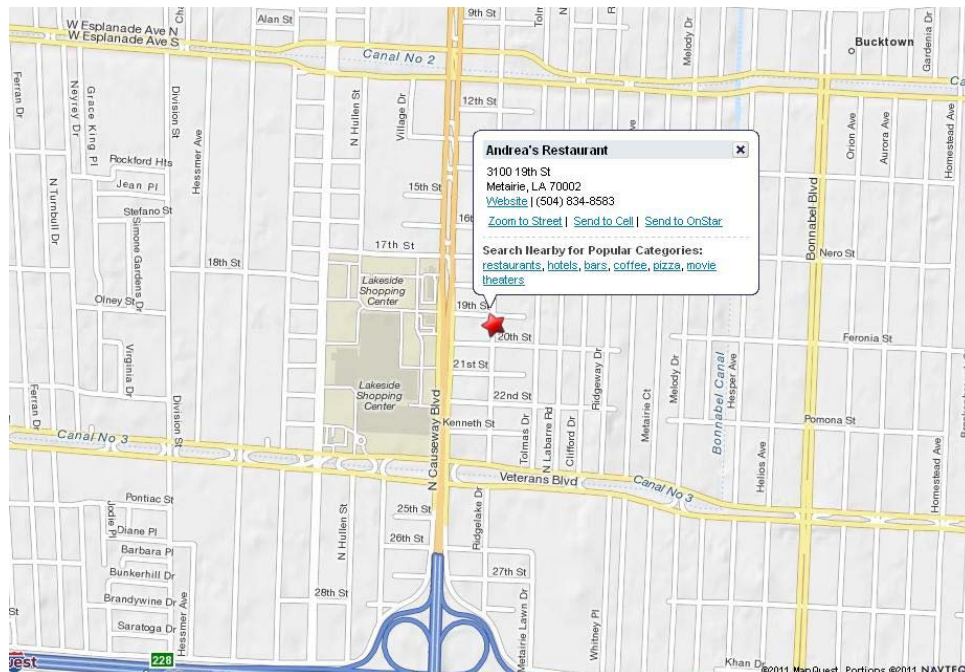

The [New Orleans Chapter of ASHRAE \(www.ashraeno.com\)](http://www.ashraeno.com) is once again pleased to distribute the latest Delta Digest, keeping you up-to-date with the latest happenings of your local ASHRAE chapter. As always, if you have any comments that can help us serve you better, please let us know.

## Meeting Information:

- Date and Time:** Tuesday, October 18, 2011
- Venue:** Andrea's Italian Restaurant  
3100 19th Street at Ridgelake, Metairie, LA 70002 (See Map Below)
- Time:** 5:30 pm (Social) & 6:00 pm (Dinner & Presentation Begin)
- Cost:** \$ 30.00 per person (Includes dinner)
- Speaker:** Jeff Deal, Hamilton Engineering
- Topic:** Condensing Boilers

Please RSVP to [Stuart.Feilden@honeywell.com](mailto:Stuart.Feilden@honeywell.com) for this event.

This is a great opportunity to attend a highly informative presentation and earn 1.0 PDH. Please feel free to bring a colleague or associate to the meeting and pass this along to any ASHRAE members who may not be on this list.

## *President's Message*

October 2011

Dear Fellow Members, Engineering Students, HVAC Colleagues and Guests,

I want to thank you for joining us on what will be another successful year for the New Orleans ASHRAE Chapter. This year plans to be full between our monthly meetings, Christmas Party at the Court of Two Sister, Spring Golf Tournament, and our ALI Seminar in March. Just as in past years our speakers represent a broad range of topics with several Distinguished Lecturers along the way will fulfill PDH requirements for professional engineers.

Also, for our October Meeting we are fortunate to have Ron Jarnagin, ASHRAE Society President, in attendance. Ron will speak to where ASHRAE is heading over the next year how we as local participants can help. It is also a chance for you as members to interact with ASHRAE leadership. If you have any questions or opinions on what ASHRAE can do to help strengthen our community please let him know.

If anyone needs any additional information please let myself or a member of the board know how we can help.

Thanks,

Michael Cooper, P.E.

## Chapter Technology Transfer Corner

<http://www.ashrae.org/members/page/310>

### Technology Awards Program

The purpose of the ASHRAE Technology Awards program is to:

1. Recognize ASHRAE members who design and/or conceive innovative technological concepts that are proven through actual operating data;
2. Communicate innovative systems designs to other ASHRAE members;
3. Highlight technological achievements of ASHRAE to others, including associated professionals and societies worldwide, as well as building and facility owners.

For more information on this program, [Click Here](#).

### Young Engineers in ASHRAE

Please direct any questions you may have on the ASHRAE YEA Connection to: [youngengineers@ashrae.org](mailto:youngengineers@ashrae.org). Expect the next edition of the newsletter in February 2009. Please feel free to email submissions for future newsletter articles regarding events at your local chapter.

The primary objective for the YEA Committee of Members Council is to enhance our member benefits for young professional ASHRAE members by identifying activities and services focused on their needs.

### Membership Corner

We wish to encourage those who may have changed jobs, addresses, phone numbers, or e-mail addresses to please logon to the ASHRAE website to update your account information. Consolidation of this information will be utilized to develop the Chapter Directory, so don't delay! Don't let bad information get published!

[WWW.ASHRAE.ORG](http://WWW.ASHRAE.ORG)

This year, news of our meetings will be transmitted in various forms, all in an effort to increase our Chapter's visibility and boost member attendance. Our Chapter has many members we haven't seen in quite a while. Please contact your associates in our profession (forward their information to [Stuart Feilden](#)), and encourage them to get involved in our Society on the local, regional, national, or international level. Also, look for meeting announcements in City Business and the weekend Money Section Calendar of the Times Picayune. Not receiving e-mail notifications? Changed jobs or e-mail addresses?

## ASHRAE Research

Thank you for your support of ASHRAE.

One of the missions of ASHRAE is to fund and administer research projects related to the HVAC/R sciences. Numerous advances in our industry have been made over the past several decades due to the work funded by ASHRAE Research. Last year we had excellent participation by our membership, and we were able to exceed our goal. Many thanks to our past RP Chairman Harold Baur for his hard work. Harold was recognized for his accomplishments at our recent CRC in Memphis, including receiving the Regional Award for outstanding performance as RP Chair. Congratulations Harold!

As we move head first into the new ASHRAE year, please know that I will be contacting you to discuss Research Promotion, and will request your financial support for this worthwhile cause. After last year's outstanding performance, expectations are high! Thank you in advance for your consideration of making your tax-free donation to Research Promotion this year.

Best regards,

Kelly Hasney Jr.  
ASHRAE NO Chapter RP Chair

Contributions to ASHRAE Research should be made payable to ASHRAE Research and mailed to Damien W. Serauskas, P.E., 15 Cypress Point Lane, New Orleans, LA 70131
