

- Personal Details:

Name: Chip Morrow

Address for communication:

113 Main Street

Bloomingtondale, New Jersey 07403

Telephone Nos.: 973-838-1780, extension 144

e-mail ID: chip.morrow@thevmcgroup.com

Date of Birth: February 15, 1966

- Technical & Professional skills:

Chip has a BS in Industrial Distribution with a concentration in Mechanical Engineering from Clarkson University, in Potsdam, New York.

- Present Working Profile:

Chip is the Director of Sales for The VMC Group and is responsible for the development of our oem (original equipment manufacturer), military/aerospace and plan & spec business globally. Additionally, he has lectured throughout the United States, Europe, the Middle East & Southern Asia on seismic design and the newly adopted International Building Code.

Currently, much of Chip's time is spent working with equipment manufacturers such as York, Cummins, Kohler, Trane, McQuay and Caterpillar in helping them achieve IBC Certification for their products.

Chip has been with The VMC Group since April of 2002.

- Past Experience:

Chip started his career with Rockwell Automation in the sales & marketing of mechanical power transmission products. He then moved on to new product and new business development with the Nexen Group where he developed a new line of braking systems for linear motion products. His experience is specialized in the development and growth of new business for innovative products and technologies.
